

Privacy Policy

How Wishtales AI, Inc. collects, uses, shares and protects personal data, and the rights you have, wherever you live.

EFFECTIVE DATE	LAST UPDATED	VERSION	APPLIES TO
13 October 2026	13 October 2026	2.0	All users worldwide

AT A GLANCE

- **Wishtales AI, Inc.** is responsible for your personal data. Depending on where you live, we are its controller, business or data fiduciary.
- We collect what we need to run the Services: your account details, the content you create, payment records, and technical data about how the Services are used.
- We do not sell personal data for money. We do not use your private content to train our models unless you opt in, and we do not use children’s content or voice and likeness data for training.
- Children may use Wishtales only through a parent’s or guardian’s account, and we never show personalised advertising to anyone we know to be under 18.
- You can access, correct, delete and download your data, and opt out of personalised advertising, from your settings or by emailing support@wishtales.ai.
- We protect data with encryption, access controls and a written information security programme, and we transfer data across borders only with appropriate safeguards.

1. Who We Are and What This Policy Covers

1.1 Wishtales AI, Inc. ("Wishtales", "we", "us" or "our"), a Delaware corporation with its principal place of business at 425 Sherman Avenue, Suite 310, Palo Alto, California 94306, United States, is responsible for the personal data described in this Privacy Policy. Depending on where you live, we act as the "controller" (European Union, European Economic Area, United Kingdom and Switzerland), the "business" (California), the "data fiduciary" (India) or the "responsible party" (South Africa) for that data.

1.2 This Policy applies to the Wishtales websites (including www.wishtales.ai), web and mobile applications, application programming interfaces and related services (the "Services"), and to our marketing, support and other interactions with you. Capitalised terms that are not defined here have the meanings given in our Terms and Conditions.

1.3 Where we provide the Services to an organisation under a separate agreement and process personal data on its instructions, that organisation is the controller, its own privacy notice applies, and we act as its processor or service provider.

1.4 Our subsidiary, Wishtales Technologies Private Limited, Bengaluru, India, provides engineering, operations and support services to us and processes personal data on our behalf under an intra group agreement.

1.5 This Policy does not apply to third party websites or services that we link to, which have their own policies.

1.6 This Policy explains our practices. It does not form part of our contract with you and does not create rights beyond those given by applicable law.

2. Personal Data We Collect

2.1 The table below describes the personal data we collect and where it comes from.

Category	What it includes	Source
Account and identity data	Name, email address, password (stored only in hashed form), username, profile picture, language, country, confirmation of age, and sign in details from providers such as Apple or Google if you use them.	You; sign in providers
Content you create	Inputs and Outputs, including prompts, stories, scripts, text, images, audio, video, documents, projects, edits and comments, and any personal data they contain.	You; generated by the Services
Voice and likeness data	Voice samples, recordings, photographs or video of a person that you choose to provide for optional features, such as narration in your own voice or personalised characters.	You, only if you use these features
Payment and transaction data	Plan, purchase history, billing address, partial card details (such as the last four digits and expiry date), transaction identifiers and tax information. Full card numbers are handled by our payment processors and app stores and are not stored by us.	You; payment processors; Apple; Google
Communications and support data	Messages, support requests, feedback, survey responses, reports, appeals and records of our correspondence.	You

Category	What it includes	Source
Device, log and usage data	IP address, device and browser type, operating system, app version, device identifiers, crash reports, features used, generation activity, timestamps and referral information.	Automatically, through the Services
Approximate location	Country, region and city derived from your IP address. We do not collect precise geolocation.	Automatically
Cookie and similar technology data	Cookie identifiers, pixel and software development kit data, and your consent choices.	Automatically, subject to your choices
Marketing and advertising data	Email preferences, campaign responses and, where permitted, advertising identifiers and information from advertising partners about advertising performance.	You; advertising and analytics partners
Safety and integrity data	Signals used to detect fraud, abuse, spam and illegal content, including content hashes and moderation records.	Automatically; safety partners; reports from others

2.2 Sensitive data. We do not ask for special categories of personal data, such as information about health, religion or sexual orientation, and we ask you not to include such information about yourself or others in Inputs. Voice and likeness data is processed only to deliver the feature you request, and we do not use it to identify or authenticate you. Where any processing could amount to biometric data under applicable law, such as the Illinois Biometric Information Privacy Act or the laws of Texas or Washington, we obtain your express written consent first and destroy the data within the period set out in Section 10.

2.3 If you do not provide data. Some data is needed to create an Account, take payment or provide a feature. If you do not provide it, we may be unable to provide that part of the Services.

2.4 Data about others. If you submit personal data about another person, such as their image or voice, you must have the right to do so and, where required, their consent.

3. How We Use Personal Data and Our Legal Bases

3.1 We use personal data for the purposes below. The legal bases shown apply under the GDPR, the UK GDPR and Swiss law; similar principles apply in other regions.

Purpose	Data used	Legal basis
Create and manage your Account and provide the Services, including generating, storing and delivering Outputs	Account, content and device data	Performance of our contract with you
Provide optional voice and likeness features	Voice and likeness data	Your explicit consent, which you may withdraw at any time
Process payments, subscriptions, renewals, refunds and tax, and prevent payment fraud	Payment, account and device data	Contract; legal obligation; legitimate interests in preventing fraud
Provide support and send service, security and billing notices	Account, communications and usage data	Contract; legitimate interests

Purpose	Data used	Legal basis
Keep the Services safe: detect and prevent abuse, fraud, security incidents and illegal content, moderate content and enforce our Terms	All categories as necessary, including safety data	Legitimate interests in safety and security; legal obligation, such as reporting child sexual abuse material
Label AI generated content and embed provenance markers	Outputs and technical identifiers	Legal obligation, including under the EU AI Act and India's IT Rules; legitimate interests
Understand usage and improve the Services through aggregated or deidentified analytics	Usage, device and cookie data	Legitimate interests; consent for nonessential cookies where required
Train and improve our generative models with your content	Only the Inputs and Outputs you choose to contribute	Your consent (opt in), which you may withdraw at any time
Send marketing about our products and services	Account and marketing data	Consent, or legitimate interests for existing customers where the law allows; you may opt out at any time
Show advertising and measure its performance	Device, cookie and advertising data	Consent where required, including in the EEA, the UK and Switzerland; elsewhere, legitimate interests subject to your right to opt out
Comply with law, respond to lawful requests, establish or defend legal claims and keep records	All categories as necessary	Legal obligation; legitimate interests
Carry out corporate transactions such as a financing, merger or acquisition	All categories as necessary	Legitimate interests

3.2 Legitimate interests. Where we rely on legitimate interests, we have balanced our interests against your rights and freedoms. You may ask us for information about that assessment and object to the processing under Section 13.

3.3 India. For users in India, we process personal data on the basis of your consent or for the legitimate uses permitted by the Digital Personal Data Protection Act, 2023, such as data you provide voluntarily for a specified purpose and processing needed to comply with law.

4. Generative AI and Your Content

4.1 How your content is processed. When you submit an Input, it is processed by our models and, where applicable, by third party model providers acting on our behalf under contracts that prohibit them from using your data for their own purposes, including training their own models.

4.2 Model training is your choice. We do not use your private Inputs or Outputs to train our generative models unless you opt in through your settings. If you opt in, we take steps to remove direct identifiers before use, and you may withdraw your consent at any time with effect for future training. We do not use voice and likeness data, or content we know was created by or for a child, for training.

4.3 Human review. Authorised personnel may review limited content where necessary to investigate a report, enforce our Terms, provide support you request or improve safety systems, subject to confidentiality obligations and access controls.

4.4 Provenance metadata. Outputs may contain labels and machine readable markers identifying them as AI generated. These markers may include the name and version of the system, the time of creation and a unique identifier linked to our generation records. They do not include your name or contact details.

4.5 Accuracy. Outputs may contain inaccurate information, including about people. If an Output contains inaccurate personal data about you, you may ask us to correct or delete it under Section 13.

5. Automated Decision Making

5.1 We use automated systems to screen prompts and Outputs for safety, detect fraud and abuse, and prioritise reports for review. Where an automated system restricts your content or Account, we say so in our statement of reasons, and you may ask for human review through the appeals process in our Terms and Conditions.

5.2 We do not make decisions based solely on automated processing that produce legal or similarly significant effects on you within the meaning of Article 22 of the GDPR, and we do not use automated decision making technology to make significant decisions within the meaning of the California Consumer Privacy Act regulations.

5.3 For users in Australia, this Section describes the kinds of personal information used in, and the kinds of decisions made by, computer programs in our Services, as the Privacy Act 1988 requires from 10 December 2026.

6. How We Share Personal Data

6.1 We do not sell personal data for money. We share personal data only as follows:

- a. **Service providers and processors** for cloud hosting and storage, content delivery, AI model processing, payment processing, customer support, communications, analytics, security and fraud prevention, under written contracts that require confidentiality and security and permit use only on our instructions;
- b. **Our subsidiary**, Wishtales Technologies Private Limited, for engineering, operations and support;
- c. **App stores and payment providers**, including Apple and Google, to complete and manage purchases;
- d. **Advertising partners**, including Google, where you have consented or have not opted out, as described in Section 7. We never share the personal data of users we know to be under 18 with advertising partners;
- e. **Other users and the public**, for content you choose to publish or share, according to your settings;
- f. **Safety and legal recipients**, such as law enforcement, regulators, courts and child safety organisations including NCMEC, where the law requires or where necessary to protect the rights, safety or property of any person, or to investigate or prevent fraud or abuse;
- g. **Professional advisers**, such as lawyers, auditors and insurers, under duties of confidentiality;
- h. **Parties to corporate transactions**, such as a prospective or actual investor, acquirer or successor in connection with a financing, merger, acquisition, reorganisation or sale of assets, subject to confidentiality and with notice to you where the law requires; and
- i. **Others with your consent or at your direction**, for example when you connect a third party service.

6.2 Deidentified data. We may share aggregated or deidentified information that cannot reasonably be used to identify you. We keep such information in deidentified form and do not attempt to reidentify it.

7. Advertising and Analytics

7.1 We may display advertising, including through Google Ads, to support parts of the Services. Sponsored video and banner content is clearly marked as sponsored, and we do not display misleading or false advertisements.

7.2 We do not share personally identifiable information with Google Ads or other advertising partners without your consent. We comply with Google's advertising policies and, for users in the EEA, the UK and Switzerland, with Google's EU User Consent Policy, using a consent management tool to record your choices.

7.3 Your advertising choices. In the EEA, the UK and Switzerland, we show personalised advertising only with your consent. In the United States and elsewhere, you can opt out of personalised advertising at any time through "Your Privacy Choices" in the Services or through your device settings, and we honour Global Privacy Control signals.

7.4 No personalised advertising to children. We do not show personalised advertising, or carry out tracking or behavioural monitoring for advertising, for any user we know to be under 18.

7.5 Analytics. We use analytics tools to understand how the Services are used, configured where possible to minimise data, for example by truncating IP addresses.

8. Cookies and Similar Technologies

8.1 We use cookies, pixels, local storage and software development kits ("cookies") for the purposes below.

Type	Purpose	Your choice
Strictly necessary	Sign in, security, load balancing, fraud prevention and remembering your consent choices.	Always active, as the Services cannot work without them
Preferences	Remembering your language, settings and display options.	You can switch these off
Analytics	Measuring usage and performance to improve the Services.	Consent required in the EEA, the UK and Switzerland; you can switch these off elsewhere
Advertising	Showing and measuring advertising, including personalised advertising.	Consent required in the EEA, the UK and Switzerland; you can opt out elsewhere

8.2 You can change your choices at any time through the cookie settings link in the footer of our website, the privacy settings in our apps, or your browser and device settings. Blocking some cookies may affect how the Services work. We treat a Global Privacy Control signal as a valid request to opt out of the sale and sharing of personal data, and we display whether we have honoured it.

9. International Data Transfers

9.1 We are based in the United States and process personal data in the United States, in India and in other countries where we or our service providers operate. These countries may have data protection laws that differ from those where you live.

9.2 When we transfer personal data from the EEA, the UK or Switzerland to a country without an adequacy decision, we use appropriate safeguards, such as the European Commission's Standard Contractual Clauses, the UK International Data Transfer Addendum and the Swiss equivalent, together with supplementary measures where needed. Where a recipient participates in a transfer framework recognised by an adequacy decision, we may rely on that framework.

9.3 Transfers of the personal data of users in India take place in accordance with the Digital Personal Data Protection Act, 2023 and any restrictions notified under it.

9.4 You may request a copy of the relevant safeguards by contacting us.

10. Data Retention

10.1 We keep personal data only for as long as necessary for the purposes in this Policy, including legal, accounting and reporting requirements, and then delete or deidentify it. The periods below may be extended where a longer period is required or permitted by law, for example to resolve disputes, prevent fraud or enforce our agreements.

Data	Retention period
Account and identity data	While your Account is open, and deleted within 30 days after you close it.
Inputs and Outputs	Until you delete them or close your Account, and then deleted within 30 days. Published content is removed from public view promptly when you delete it.
Voice and likeness data	Until you delete the feature data or close your Account, and in any event no longer than 3 years after your last use of the feature; then deleted within 30 days.
Children's personal data	As set out in Section 12.4.
Payment and transaction records	As long as tax, accounting and company law requires, generally 7 to 8 years after the transaction.
Support communications	3 years after the request is closed.
Device, log and usage data	Up to 26 months. Security logs are kept for at least 1 year and no longer than 2 years.
Marketing preferences and consent records	For as long as the consent applies, and up to 3 years afterwards as evidence of your choice.
Safety and moderation records	As long as necessary to protect users and comply with law, including at least 180 days after removal where Indian law requires.
Data subject to a legal hold	For as long as the legal requirement applies.

10.2 Backups. Deleted data may remain in encrypted backups for up to 60 additional days before it is overwritten.

10.3 Inactive Accounts. If your Account is inactive for 3 years, we may delete it. We will notify you at least 30 days beforehand so that you can sign in or download your content.

11. Security

11.1 We maintain a written information security programme with administrative, technical and physical safeguards appropriate to the sensitivity of the data, including encryption in transit and at rest, least privilege access controls, multifactor authentication for personnel, logging and monitoring, vulnerability management, staff training and confidentiality obligations, and security reviews of service providers. We review the programme at least annually.

11.2 No system is completely secure. If a personal data breach occurs, we will notify the competent authorities and affected individuals as the law requires, including notifying the competent supervisory authority within 72 hours where the GDPR or the UK GDPR requires, and notifying the Data Protection Board of India and affected users in India as Indian law requires.

11.3 Please protect your password and tell us immediately at support@wishtales.ai if you suspect unauthorised access to your Account.

12. Children's Privacy

12.1 Our approach. Accounts are for adults aged 18 or over. Children may use Wishtales only through a parent's or guardian's Account and under their supervision. The Services are not directed to children under 13, and we do not knowingly collect personal data directly from a child under 13, or under the age of digital consent where the child lives, without verifiable parental consent.

12.2 Parental consent. Where the law requires verifiable consent from a parent or guardian before we process a child's personal data, including under the United States Children's Online Privacy Protection Act (COPPA), the GDPR, and the Digital Personal Data Protection Act, 2023 in India (which treats everyone under 18 as a child), we obtain it using a method recognised by applicable law before collecting that data.

12.3 Protections. For any user we know to be a child, we collect only the minimum information needed to provide the Services; apply privacy protective defaults; do not show personalised advertising or carry out tracking or behavioural monitoring; do not use their content or data to train our models; and do not sell or share their personal data.

12.4 Children's data retention. As the COPPA Rule requires, we publish our retention policy for children's personal data. Where we hold a child's personal data with parental consent, we use it only to provide the features the parent has chosen, keep it only while it is needed for that purpose, and delete it within 30 days after the parent asks us to or closes the Account, or after 12 months of inactivity. Personal data that we learn was collected from a child without a consent the law requires is deleted within 30 days of our discovering it. Records of parental consent are kept for up to 3 years after the consent ends, to demonstrate compliance.

12.5 Parental rights. A parent or guardian may review the personal data we hold about their child, ask us to delete it, and refuse further collection or use, through the privacy settings in the Account or by emailing support@wishtales.ai with the subject line "Parental Request". We verify that the requester is the child's parent or guardian before acting. If you believe a child has provided personal data to us without the required consent, contact us and we will delete it.

13. Your Rights and Choices

13.1 Depending on where you live, you may have the right to:

- know what personal data we hold about you, access it and receive a copy;
- correct inaccurate or incomplete data, and complete or update it;
- delete your data;
- receive your data in a portable, machine readable format;
- restrict or object to certain processing, including processing based on legitimate interests and direct marketing;
- withdraw consent at any time, without affecting processing that took place before withdrawal;
- opt out of the sale or sharing of personal data, targeted advertising, and profiling for decisions with legal or similarly significant effects;
- not be subject to decisions based solely on automated processing that have legal or similarly significant effects;
- nominate another person to exercise your rights in the event of your death or incapacity (India); and
- complain to us and to a data protection authority.

13.2 How to exercise your rights. Use the privacy settings in your Account to download, correct or delete data, change your model training and advertising choices, and unsubscribe from marketing, or email support@wishtales.ai with the subject line "Privacy Request". We will not discriminate against you for exercising your rights.

13.3 Verification and agents. We verify requests by confirming control of the email address associated with your Account or through other reasonable steps. You may use an authorised agent, in which case we may require proof of the agent's authority and verification of your identity.

13.4 Timing. We acknowledge requests within 5 working days and respond within the time the law requires: within one month under the GDPR and the UK GDPR, extendable by two further months for complex requests with notice to you; within 45 days under United States state laws, extendable once by 45 days with notice to you; and within 90 days for grievances under India's data protection law.

13.5 Appeals. If we decline your request, we will explain why. Where your state provides a right of appeal, you may appeal by replying to our decision with the subject line "Privacy Appeal", and we will respond within the time the law requires and explain how to contact your state Attorney General if you remain dissatisfied.

14. Region Specific Information

14.1 European Union, European Economic Area and Switzerland

Wishtales AI, Inc. is the controller of your personal data, at the address in Section 17. You have the rights described in Section 13 under the GDPR and the Swiss Federal Act on Data Protection. You may lodge a complaint with the supervisory authority in the Member State where you live or work or where an alleged infringement occurred, or, in Switzerland, with the Federal Data Protection and Information Commissioner.

14.2 United Kingdom

You have the rights described in Section 13 under the UK GDPR and the Data Protection Act 2018, as amended by the Data (Use and Access) Act 2025. You have the right to complain to us about our use of your personal data: email support@wishtales.ai with the subject line "Data Protection Complaint". We will acknowledge your complaint within 30 days, investigate it without undue delay and tell you the outcome. You may also complain to the Information Commissioner's Office at ico.org.uk.

14.3 United States

California. This section is our notice at collection and privacy policy under the California Consumer Privacy Act, as amended by the California Privacy Rights Act (CCPA), and its regulations. In the past 12 months we have collected the following categories of personal information:

CCPA category	Examples	Disclosed for a business purpose to	Sold or shared
Identifiers	Name, email address, username, IP address, account and device identifiers	Service providers, our subsidiary, payment providers, app stores	Not sold. Device identifiers may be shared for cross context behavioural advertising unless you opt out
Customer records (Cal. Civ. Code § 1798.80(e))	Name, billing address, partial payment card details	Service providers, payment providers	Not sold or shared
Commercial information	Plans, purchases and transaction history	Service providers, payment providers, app stores	Not sold or shared
Internet or other electronic network activity	Usage, log, cookie and interaction data	Service providers, analytics providers, advertising partners	Not sold. May be shared for cross context behavioural advertising unless you opt out
Approximate geolocation	Country, region and city derived from IP address	Service providers	Not sold or shared
Audio, electronic and visual information	Inputs, Outputs, voice samples, images and video	Service providers, AI model providers	Not sold or shared
Inferences	Content and feature preferences	Service providers	Not sold or shared

CCPA category	Examples	Disclosed for a business purpose to	Sold or shared
Sensitive personal information	Account log in credentials	Service providers	Not sold or shared

We collect this information from the sources described in Section 2, for the purposes described in Section 3, and keep it for the periods in Section 10. California residents have the right to know and access, delete and correct personal information, to opt out of its sale or sharing, to limit the use of sensitive personal information, and not to be discriminated against for exercising these rights. We use sensitive personal information only for purposes that do not give rise to the right to limit.

Notice of right to opt out of sale and sharing. We do not sell personal information for monetary consideration. Allowing advertising partners to collect device identifiers and online activity for cross context behavioural advertising may be “sharing” under the CCPA. You can opt out through the “Your Privacy Choices” link in the footer of our website and in app settings, or by enabling Global Privacy Control in your browser. We do not sell or share the personal information of consumers we know to be under 16. We do not disclose personal information to third parties for their own direct marketing purposes.

Other states. Residents of states with comprehensive privacy laws, including Colorado, Connecticut, Delaware, Indiana, Iowa, Kentucky, Maryland, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Rhode Island, Tennessee, Texas, Utah and Virginia, may have the right to access, correct, delete and obtain a portable copy of personal data; to opt out of targeted advertising, the sale of personal data and profiling for decisions with significant effects; and to appeal our decisions. Where the law provides, you may request a list of the categories of third parties, or the specific third parties, to which we have disclosed personal data. We honour universal opt out signals, such as Global Privacy Control, where the law requires. We do not sell covered information as defined under Nevada law.

14.4 India

Wishtales AI, Inc. is the Data Fiduciary for the personal data of users in India under the Digital Personal Data Protection Act, 2023 and the Digital Personal Data Protection Rules, 2025, which are coming into force in phases through May 2027, as well as the Information Technology Act, 2000 and the rules made under it.

- **Notice and consent.** This Policy, together with the notices in the Services, describes the personal data we process, the specified purposes and the services that processing enables. Where we rely on consent, you may withdraw it as easily as you gave it, through your settings or by email, and you may manage consent through a registered Consent Manager once these are available.
- **Your rights.** You may obtain a summary of the personal data we process and of our processing activities, and the identities of those with whom it has been shared; request correction, completion, updating and erasure; use our grievance redressal process; and nominate another person to exercise your rights in the event of your death or incapacity.
- **Children.** We obtain the verifiable consent of a parent or lawful guardian before processing the personal data of anyone under 18, and we do not carry out tracking, behavioural monitoring or targeted advertising directed at children.
- **Grievance Officer.** You may raise a grievance with our Grievance Officer at Wishtales Technologies Private Limited, 5th Floor, WeWork Galaxy, 43 Residency Road, Shanthala Nagar, Ashok Nagar, Bengaluru, Karnataka 560025, India, or by email to support@wishtales.ai with the subject line “Grievance (India)”. We

respond to data protection grievances within 90 days at most, and sooner where other Indian law requires. If you are not satisfied, you may complain to the Data Protection Board of India.

14.5 Canada

We handle personal information in accordance with the Personal Information Protection and Electronic Documents Act and applicable provincial laws, including Quebec's Act respecting the protection of personal information in the private sector as amended by Law 25. Our Privacy Lead, who is responsible for the protection of personal information, can be reached at support@wishtales.ai. You may access and correct your personal information, withdraw consent and, in Quebec, request data portability and, where applicable, deindexation. Personal information processed in the United States, India or elsewhere may be accessible to authorities in those countries. You may complain to the Office of the Privacy Commissioner of Canada or, in Quebec, to the Commission d'accès à l'information.

14.6 Australia

We handle personal information in accordance with the Australian Privacy Principles under the Privacy Act 1988. We may disclose personal information to recipients in the United States, India and other countries where our service providers operate. You may request access to and correction of your personal information. If you have a complaint, please contact us first; if you are not satisfied with our response, you may complain to the Office of the Australian Information Commissioner at oaic.gov.au.

14.7 New Zealand

We handle personal information in accordance with the Privacy Act 2020. Where we collect personal information about you from someone else, for example when another user includes your image or voice in content, we take reasonable steps to tell you, as Information Privacy Principle 3A requires for information collected from 1 May 2026. You may request access to and correction of your information, and you may complain to the Office of the Privacy Commissioner at privacy.org.nz.

14.8 South Africa

We process personal information in accordance with the Protection of Personal Information Act, 2013. Our Information Officer can be contacted at support@wishtales.ai. You may access, correct and object to the processing of your personal information, and you may lodge a complaint with the Information Regulator.

14.9 Other Countries

If you live in another country, you may have rights under its data protection law. We will honour those rights in accordance with that law. Contact us at support@wishtales.ai.

15. Third Party Links and Services

The Services may contain links to, or integrations with, third party websites and services, such as sign in providers and app stores. Their own privacy policies govern how they handle your personal data, and we encourage you to read them.

16. Changes to This Policy

We may update this Policy from time to time. We will post the updated version with a new “Last Updated” date and, for material changes, notify you by email or through the Services at least 30 days before the changes take effect, or obtain your consent where the law requires. Previous versions are available on request.

17. Contact Us

For any question about this Policy or our handling of personal data, email support@wishtales.ai with the subject line “Privacy”, or write to us at our principal place of business. Our company details are set out below.

Wishtales AI, Inc.

A Delaware corporation (Delaware File No. 10125204), registered to do business in California (California Entity No. B20250046086).
